The I-9 HQ Difference

A Solution that Goes Beyond the Form

I-9 HQ™ is an industry-leading digital I-9 platform designed with the needs of you and your people at the center. With I-9 HQ, you can provide a simpler, more efficient, and timely I-9 process that is easier to use for both your HR teams and employees.

Your employees are guided through their Form I-9 journey with a mobile-first, accessible, intuitive design, and integrated assistance.

Your HR Teams can standardize I-9 processes and help reduce risk through more accurate, timely verifications, and rules-based completion of forms.

Organizations with a strong onboarding experience improve new hire retention by 82% and productivity by over 70%. [1]

INNOVATION, INVESTMENT, EXPERTISE, AND INSIGHTS FROM EQUIFAX WORKFORCE SOLUTIONS, THE INDUSTRY LEADING I-9 MANAGEMENT PROVIDER.

THE I-9 HQ DIFFERENCE
I-9 HQ helps you:

- Simplify workflows with task-driven and actionable dashboards
- Automate the E-Verify process with an authorized E-Verify employer agent
- Integrate into your existing onboarding workflows and systems
- Manage locations, users, and more with self-service functionality for your HR teams
- Gain visibility into where the applicant is at in the Form I-9 process
- Leverage the same payroll feed data you send to The Work Number® to help identify missing I-9s, receive notifications when form retention requirements are met, or when reverification is needed

A SOLUTION THAT GOES BEYOND THE FORM

Take I-9 HQ to the next level with a suite of services designed to help you better manage a decentralized workforce, detect potential issues with your I-9s, stay more audit-ready, and so much more.
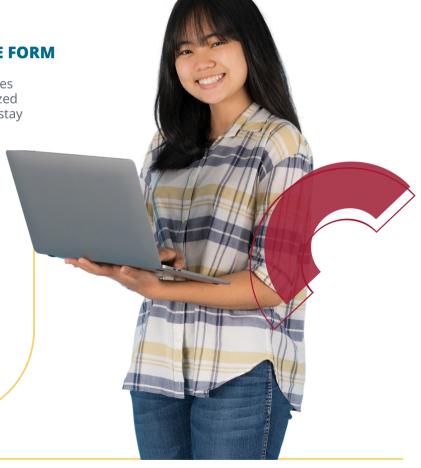

I-9 Anywhere®
Help reduce the burden of I-9 verifications by leveraging a trained network of in-person and virtual completers.

I-9 Conversion
Convert paper and electronic I-9s to searchable, centralized, and more audit-ready digital I-9s.

I-9 Inspect®
Review your digitally converted I-9s to help detect potential issues, simplify the correction process, and help reduce risk.
